Individually **combined**

in every **situation.**

Perfect support available everywhere for cutting-edge flat-screen monitors, laptops and tablet PCs – a customised and ergonomic solution.

novus®

Novus MY: solutions for more style and efficiency at the workplace

Novus MY combines form, function and elegance in attractive product solutions with a stylish look. The series includes perfect support arm solutions and holders for monitors, notebooks and tablet PCs. Their flexibility and manoeuvrability mean every workstation can be optimally organised.

Design and efficiency in their purest form

Standard 75/100-mm monitor mount with a load capacity of up to 5 kg.

Slim support arms elegantly meet the most stringent design demands for a workstation.

Infinitely height-adjustable folding arm for personalised monitor positioning.

Suitably secured

System clamp (14–40 mm)	Drilling screw fitting (5–70 mm)	Cable port mount (5–70 mm)	Rail system mount	Rail wall mount / NOVUS SlatWall mount
C	D	G	S	W / SW
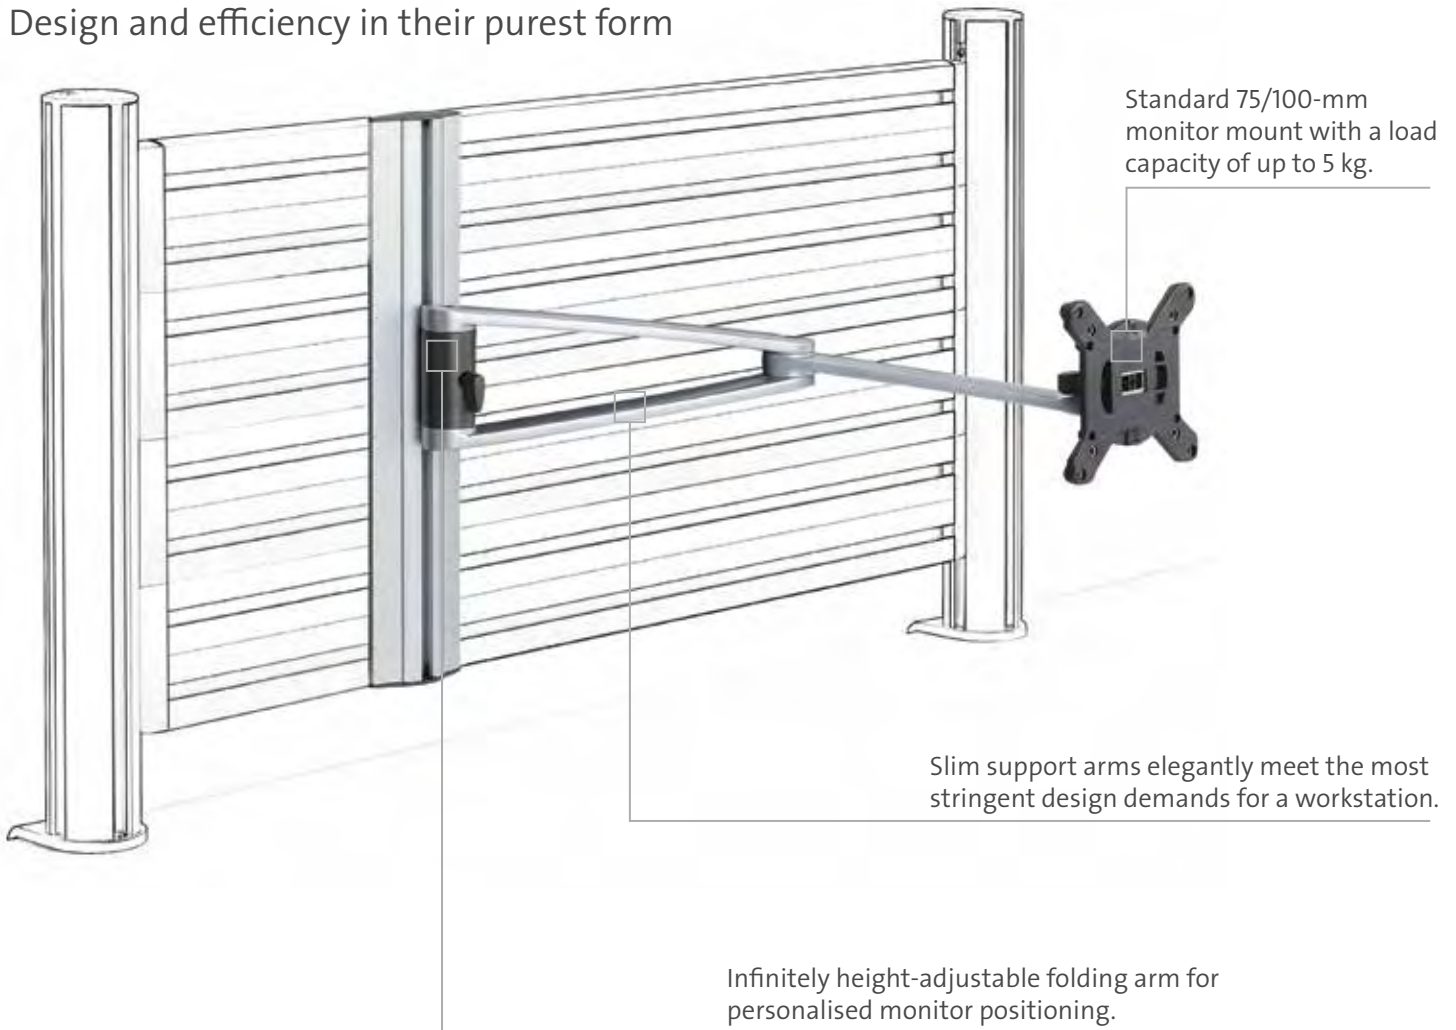

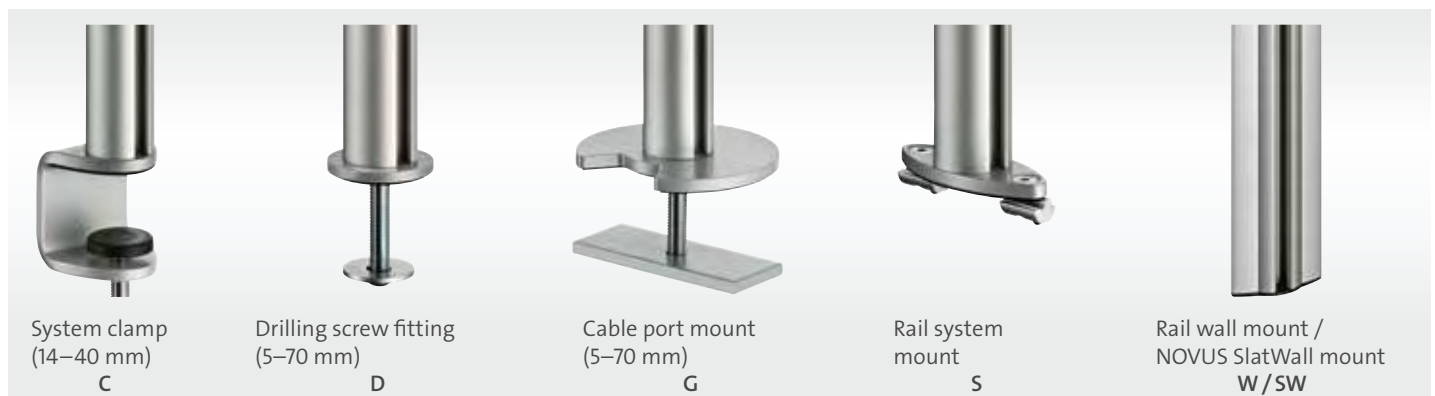

Cleverly combined
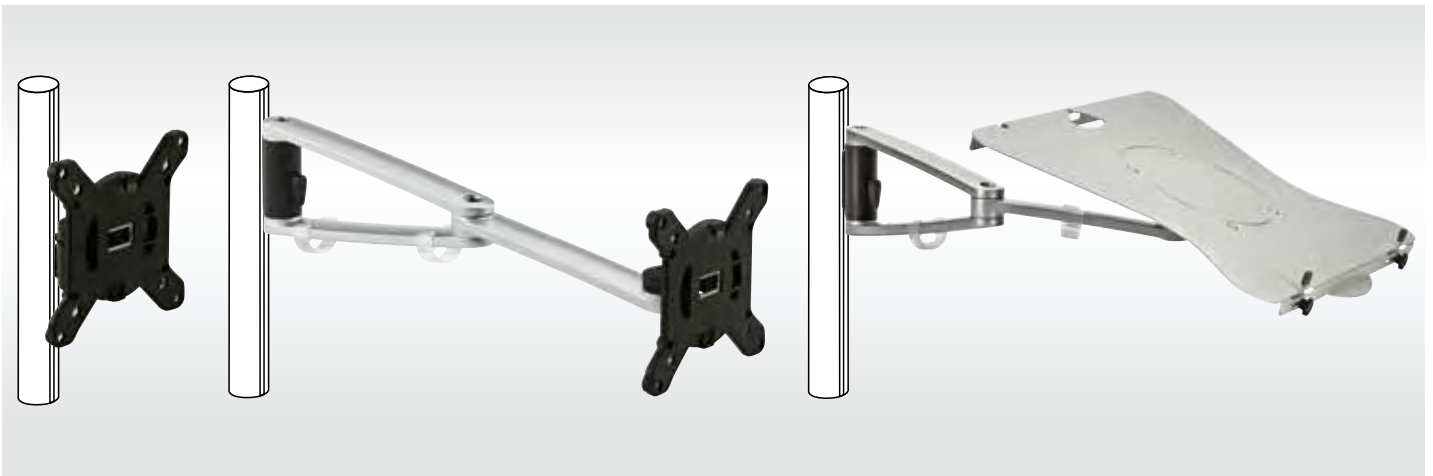

Support carriage / 2-part articulated arm / notebook holder: allows the desired position of the monitor or notebook to be precisely adjusted to the individual user.

Adapter plate allows the monitor to be easily replaced.

Tablet holder for tablets sized 7" to 10".
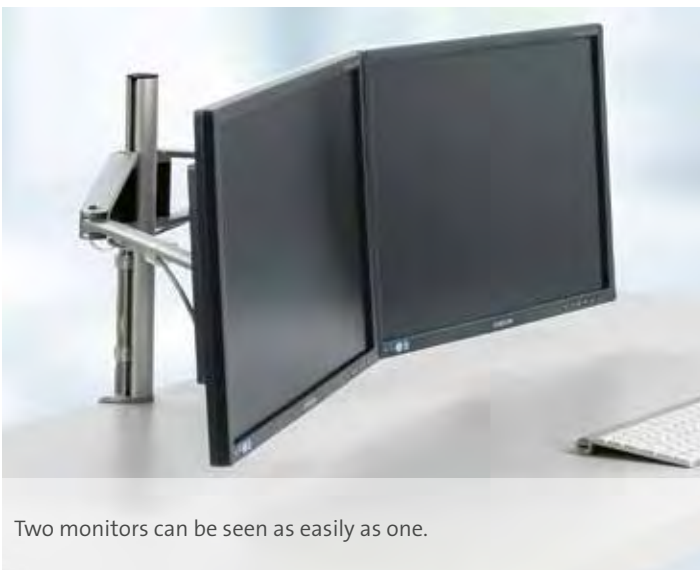

Two monitors can be seen as easily as one.

Connection to an organisation wall possible.

novus®

Novus Tetra Support System: reliable solutions to meet the highest demands

The cutting-edge flat screen monitor holders of the Novus Tetra Support System provide monitors with new-found mobility. Whether in the office or in the control centre, the Tetra Support System has a secure and flexible monitor mount to suit every workstation. With a range of combination options to choose from, flexibility takes on a whole new meaning.

A product range that responds to individual customer requirements.

Sophisticated functionality: Novus TSS monitor support arms
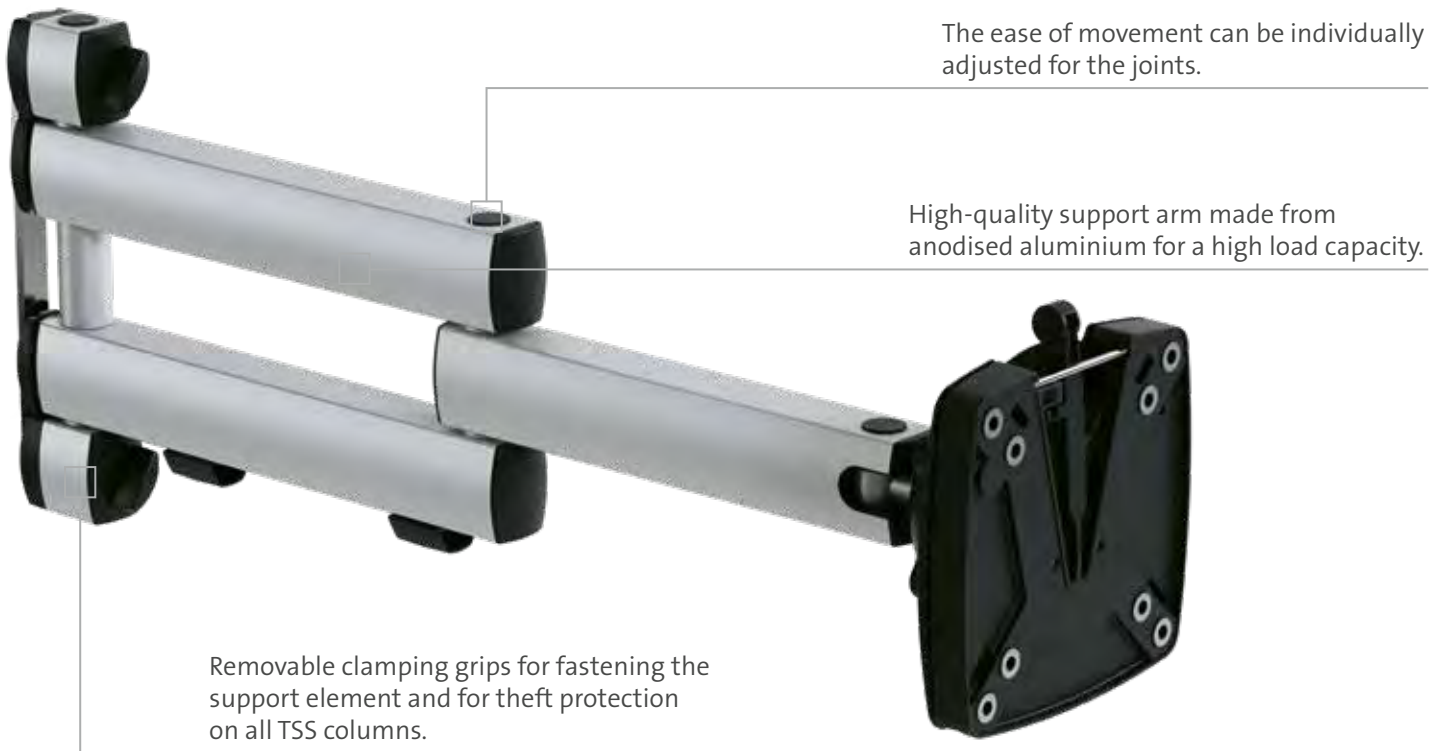

The ease of movement can be individually adjusted for the joints.

High-quality support arm made from anodised aluminium for a high load capacity.

Removable clamping grips for fastening the support element and for theft protection on all TSS columns.

Mounts for every workstation

| Base | System clamp (14-40 mm / 13-25 mm / 5-70 mm) | Drilling screw mount (5-70 mm) | Drilling screw mount HD (15-70 mm) | Cable port mount (5-70 mm) | Pin adapter |
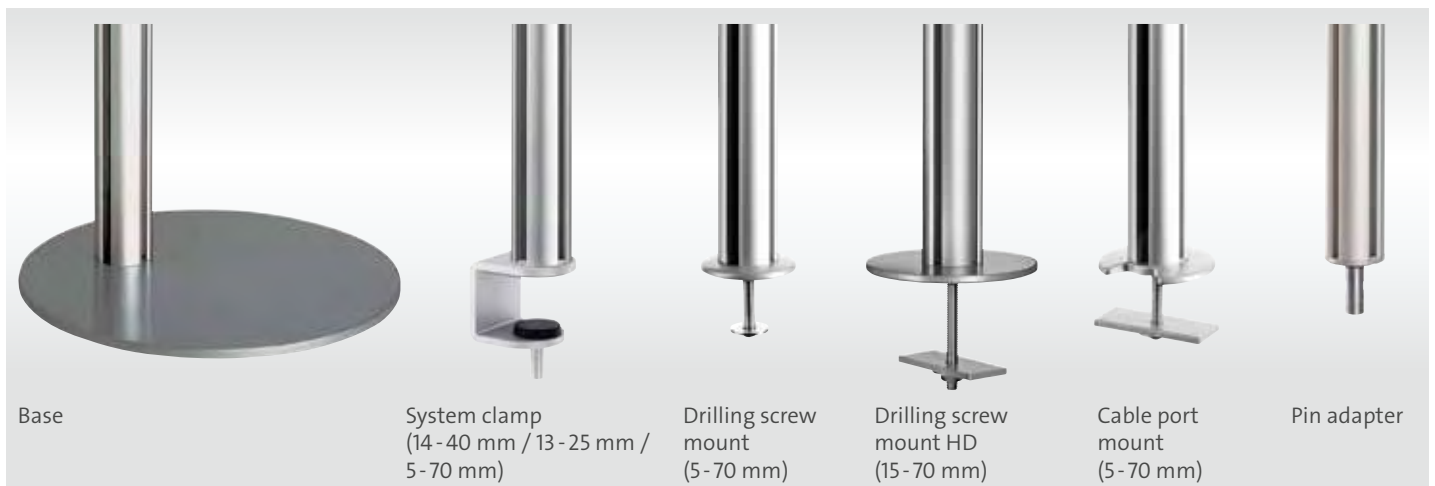

Flexible combination of all components

Simply select a column with a mount and a support arm to assemble the perfect solution of your choice.

Ball-and-socket joint for flexible and precise positioning of the monitor.

NOVUS QuickRelease makes it quick and easy to change the monitor without any tools.

The cable holder in the folding arm ensures secure and orderly cable routing.

Featuring a multi-part articulated arm, the TSS folding arms can be pivoted horizontally to the extent that an optimum view of the monitor is available from every angle around the column.

Compared to the Novus TSS support arm system, the Novus TSS telescopic system allows space-saving positioning of monitors in front of partition walls, organisation panels and in blocks.

The TSS telescopic arms mean the monitors' position can be significantly flatter in all aspects of the best ergonomic placement for the user.

NOVUS TSS column with support foot

- Aluminium column with four slots and base
- Solid base weighing 4 kg with rubber pads to protect the desk surface and for stability
- Available in length: 445 mm

Novus Clu – perfect for you!

The Novus Clu series of monitor arms gives monitors almost unlimited freedom of movement. The monitor can be turned from landscape to portrait format and moved in any direction, even completely flat up against an organisation wall or acoustic panel. The powerful, adjustable gas spring technology balances the monitor's weight up to a maximum of 7 kg and therefore ensures extremely easy handling at any time.

Elegant 2-part monitor arm with gas spring technology for comfortable, ergonomic monitor adjustment

Particularly suitable for varifocal wearers and touch displays, as the horizontal arm element allows the monitor to be positioned at a particularly low height

Perfect cable routing through the cable support

Flexible 3-in-1 table mount for clamp, cable port or drilling screw, for a tabletop thickness of 10—50 mm
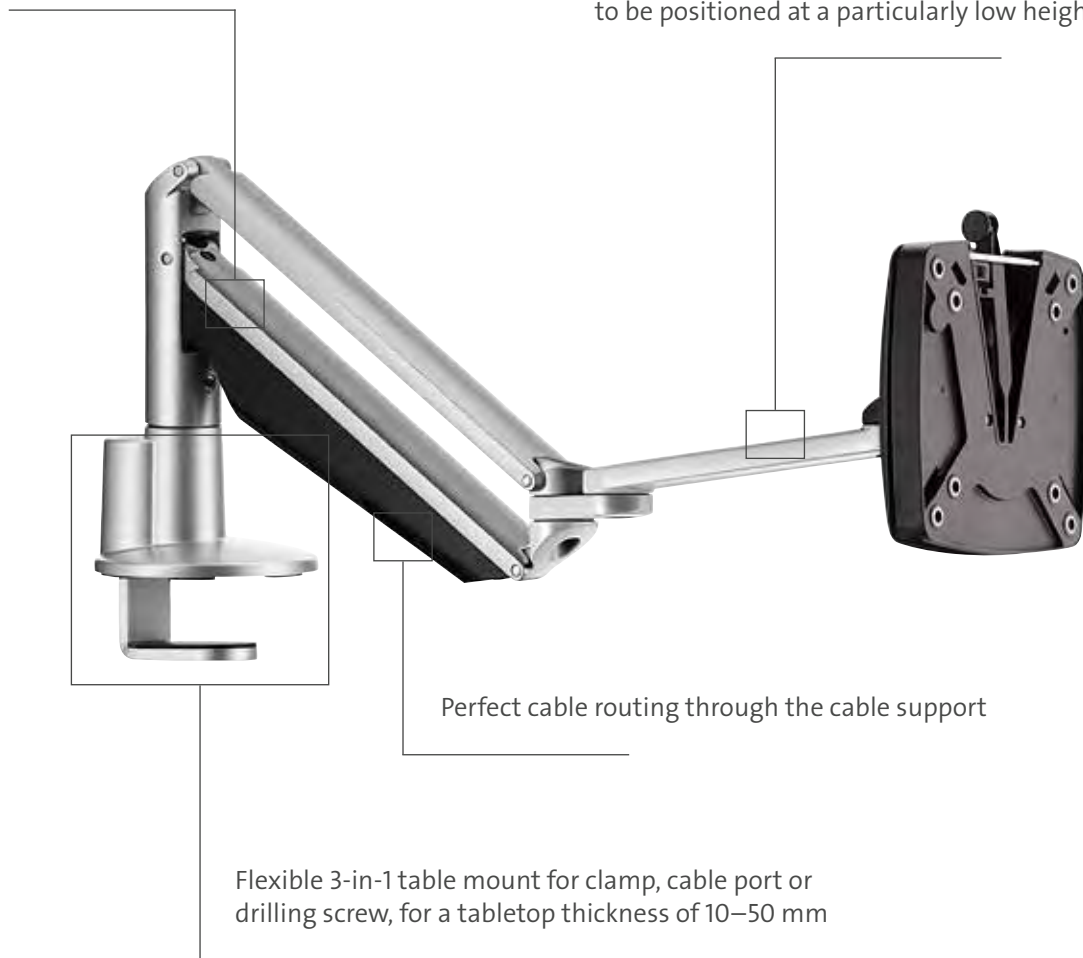

QuickRelease
Monitors can be attached and adjusted **easily by hand** by a single person without any tools. The holder fits all conventional monitors with the mounting standard 75 x 75 and 100 x 100.

Stable joints
The high-quality pivot joint is significantly flatter than a conventional ball-and-socket joint and therefore offers practically unlimited freedom of movement **in every turning and tilting direction**. Even large monitors are easy to handle and will stay securely in the required position.

Clever cable routing
All connection cables are organised and protected under the discreet cover. This also contains the powerful **gas spring** for first-class ease of use.

NOVUS SlatWall
The Clu I SW is ideal for attachment to **organisation walls** and **acoustic panels**, such as the Novus MY toolbar or the Novus SlatWall.

3-in-1 table mount
The standard mount component can easily be attached from above and covers three types of mounts in one: **clamp, cable port or drilling screw**. It is suitable for desktop thicknesses of 10—50 mm and offers optimum flexibility should a different mount from the standard one be required.

Special project solutions
Various mounting solutions are available to allow you to benefit from the full performance of the new monitor arms even when used in **combination with rail systems**. As well as these, we also develop special solutions for system rails, office partition walls, desks with free-form panels and clamps with different clamping heights and depths on request.

3-in-1: in just a few simple steps, the clamp can be turned into a drilling-screw or cable port mount.
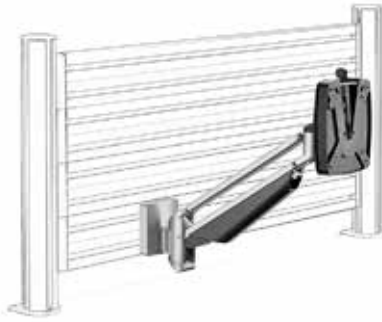

novus®

NOVUS Clu I SW, with organisation wall mount

- Elegant 1-part monitor support arm with gas spring technology for a comfortable, ergonomic adjustment of the monitor
- Integrated SlatWall universal adapter for easy mounting with a central screw fitting for mounting in a single or double slot
- Easy mounting of the monitor by quick release, suitable for mounting standard 75/100
- Carrying capacity: Monitor weight 2-7 kg
- Range: 314 mm
- Enables horizontal positioning of the screen
- Perfect cable management
- Obligatory supplement is a SlatWall element

Novus LiftTEC®: everything perfectly in control

The NOVUS LiftTEC® series enables monitors weighing 3-15 kg to be conveniently and safely secured. Height adjustments are child's play. The gas pressure technology and the ball-and-socket joint make it particularly easy to position the monitor in an ergonomic way. The monitor can therefore be moved quickly to various individual positions.

Adjustable joints for various applications.

Perfect routing of the monitor cables through cable clips.

Precise configuration of the monitor weight using the adjustable gas pressure spring.

Flexible mounts for use on table, wall, TSS column and organisation wall.

Mounts for every workstation

3-in-1-table mounting

| Table clamp (5 - 60 mm) | Cable port mount (5 - 45 mm) | Drilling screw mount (5 - 50 mm) | Column mount | SlatWall mount | Wall mount |
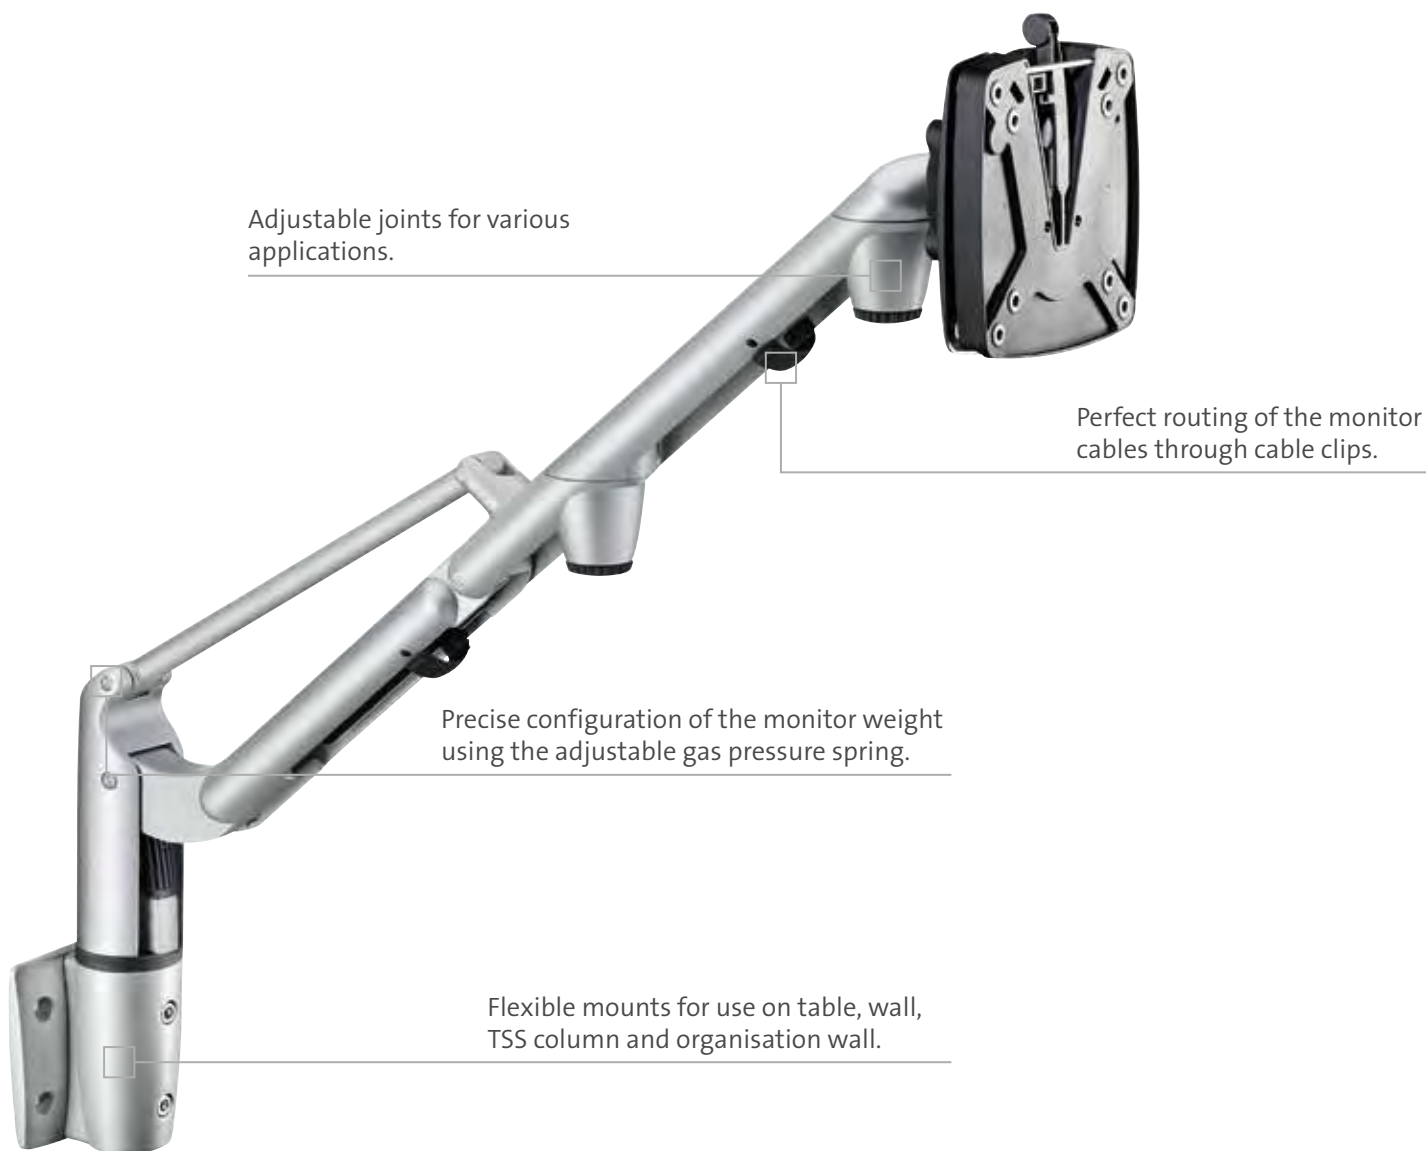

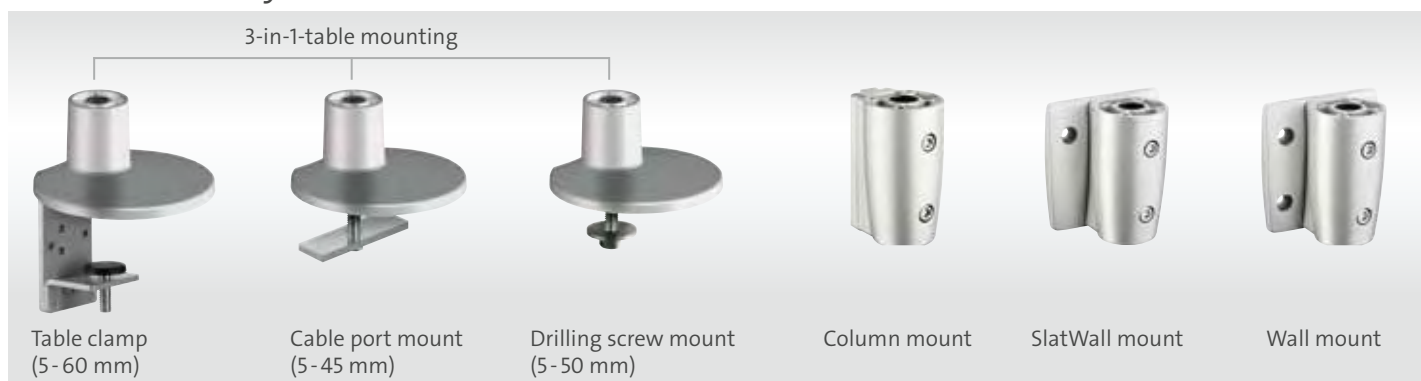

Sophisticated functions for an ergonomic workstation

Easy monitor attachment thanks to QuickRelease. Ball-and-socket joint for setting the optimum viewing angle and for using the pivot function of the monitors to full capacity.

The simple QuickRelease enables the monitor to be effortlessly secured and released via a single-lever operation.

Precise configuration of the LiftTEC® arm in line with the monitor weight using the adjustable gas pressure spring.

The ease of movement can be individually adjusted for the rotating joints.

Perfect cable routing on and in the support arm via the cable clips.

Corresponding to the application: mounting options on table, wall, TSS column or SlatWall.

NOVUS Pila: Novus seating balls make a stylish and ergonomic seat.

Movement keeps you fit! Thanks to the centre of gravity inside the Pila, the ball does not roll away and so always provides a clean, dust-free seat.
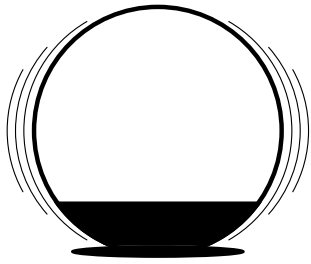

Balance Ball
The weight reinforcement inside means the ball is self-levelling.
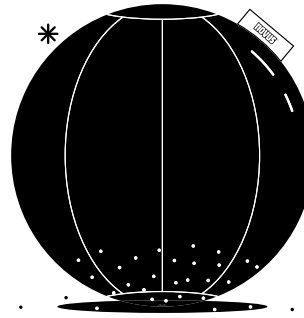

Dust-repellent seat
With the internal Balance Ball, you avoid getting your clothes dusty.
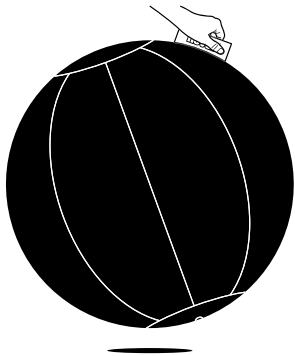

Functional label
Makes it easy to lift, carry and reposition the ball.
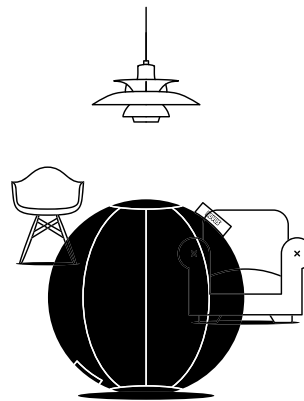

Clear design language
The ball's minimalist design means it fits right into modern open-space offices, too.

Ergonomic sitting
The ball's shape keeps you constantly moving.

High-quality materials
A precisely constructed cover of imitation leather.

NOVUS Pila Brown Leather

- The shape of the NOVUS Pila seating ball makes it ideal for ergonomic sitting and it perfectly balances your movements. Dynamic sitting keeps you constantly moving and gives you strengthened and healthy back muscles.
- The internal weight reinforcement in the ball creates a centre of gravity, so that the NOVUS Pila seating ball is self-levelling. As a result, the ball does not roll away, and the seat remains dust and dirt free.
- The handy label makes it easy to lift, carry and reposition the NOVUS Pila seating ball.
- Thanks to its elegant, timeless and clear design, the NOVUS Pila seating ball fits into any furnishing style, whether in the office or in your own home office.
- The NOVUS Pila seating ball has a precisely constructed cover of high-quality imitation leather that is easy to remove and clean.
- Delivery includes a cover, a PVC inner ball, a manual air pump, 2 self-closing valves and a pump adapter for commercial air pumps.

Technical specifications

Standard monitor mount

The standard mount to use with any monitor compatible with 75 x 75 mm or 100 x 100 mm attachment standard.

Column length

The value indicates the height of the column above the desk in mm.

Monitor mount

This mount is to attach monitors compatible with the attachment standard given in mm. (The maximum possible standard is indicated.)
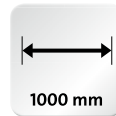

Height above desk

The value indicates the minimum and maximum distance between the product and desk surface.

Monitor weight

This value indicates the maximum load-bearing capacity of the supporting element or the maximum weight of a monitor in kg.

Width

The value indicates the width of the product in mm.

Carrying capacity

The weight shows the maximum weight in kg that the product is allowed to carry.

Range

The value indicates the product's range in mm.

Dimensions of support platform

The value indicates the size of the platform in mm.

Swivelling range

The value indicates the product's possible swivelling range in °.

Adjustability

The device is easily and infinitely adjustable, thanks to its patented spring balancing mechanism.

Power consumption

The value indicates the lamp used and the power consumption in watts.

Adjustability

The device can be clicked into three fixed positions.

Diameter

The value indicates the diameter of the Pila seating ball in cm.

Colour temperature

The value indicates the colour temperature in kelvins.

ENEC certified

This product meets the requirements of the EU General Product Safety Directive

German Engineering

The "German Engineering" quality mark guarantees that the product has been developed by our engineers in line with German quality standards. Production takes place in our own factories across the world, managed from Germany.

GS certified

TÜV Nord tested in accordance with the German Product Safety Act.

novus®

Novus & Dahle:

quality, functionality & design
under one roof.

For over seventy years, the emco Group in Lingen has stood for high-quality "German Engineering" and innovative product development. Today, with its four strong brands, emco, Novus, Dahle and emco e-scooter international, it operates successfully and internationally in a wide range of industries.

The Dahle and Novus brands are the experts for everything to do with office technology. Created to meet a wide variety of different workplace requirements, their diverse product ranges offer innovative details to make your daily working life that bit easier and more efficient – and all in an attractive design.
Novus is an expert in the business area of fastening technology, too. Here, the company supplies a reliable range of universal tackers and riveting tools for the home, hobby and professional sectors for a vast range of applications.
