Addit Bento® ergonomic desk set 220

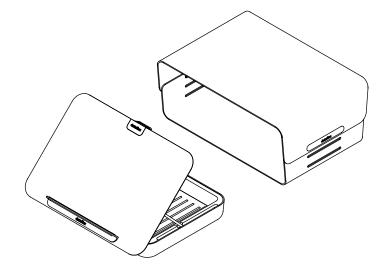

Everyone can now enjoy a neat desk and healthy posture: the Addit Bento® ergonomic desk set is a full package of products that are made for each other. This set turns a nice desk into an ergonomic workstation that's comfortable and practical. Designed by Robert Bronwasser.

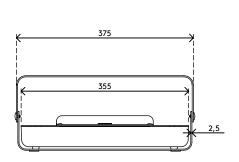

- The ergonomic desk set contains the Addit Bento® ergonomic toolbox and Addit Bento® adjustable monitor riser
- When not in use, the ergonomic toolbox nicely fits inside the monitor riser for a tidy look and a 'clean desk'
- Offers ergonomic and practical benefits for any type of workstation
- The Addit Bento® ergonomic toolbox neatly stores your office utensils, documents (A4) and devices (up to 12")
- and can be used as a notebook stand, tablet stand or in-line document holder
- Addit Bento® adjustable monitor riser is suitable for monitors up to 20 kg and is made of sturdy steel with a durable, matt powder coating
- For further technical specifications, please consult the individual sell sheets of Addit Bento® ergonomic toolbox and Addit Bento® adjustable monitor riser
