

EVER UNDER DISPLAY SHELF

Elegant placement of camera or soundbar below the display

A shelf placed under the display

For EVER 65 (Motorized), 350, 350 Air and 620

Max 5 kg. 786 x 130 mm

With this slim metal shelf placed under your display, you can easily place your sound bar, camera or other equipment in perfect position. Telescope function makes shelf fit displays from 55" to 85". Secure your device to the shelf using the slot cut out. Works for both motorized and non-motorized stands. 3 mm sheet metal with powder coat.
